

# WESTMED Medical Group Supports Matthew 25 House

*For healing and hope in Haiti*

*The above photos show a soccer field adjacent to Matthew 25 House (left) in Port-Au-Prince, which was converted into a field hospital (right) after the earthquake. This area now houses 1,600 people during the day and more than 2,000 each night.*

WESTMED's doctors and employees have chosen to support Matthew 25 House in the Port-Au-Prince Region. Its mission is to house missionaries, volunteers, students and medical teams from the U.S. as they minister around the region. The director of Matthew 25 House is Sister Mary Finnick, RN, Ph.D., 80, a former board member of the New York State Nurses Association. She is devoting her life to helping the Haitian people. A soccer field behind the house that Sr. Mary had built for the neighborhood's enjoyment is now being used as a hospital and a homeless shelter--serving 1,600 by day and 2,000 at night.

**We invite you to join our Matthew 25 House relief effort.**

You will be directly helping to rebuild the infrastructure of many neighborhoods for whom Sr. Mary and her team work.

**Please make your check out to Matthew 25 House, (In the memo section, please write "As needed"), and send to:**

Matthew 25 House
